

**forTeen**

joy with a wooden toy.

We are passionate about designing and manufacturing  
of eco-friendly wooden toys and learning tools.

## Founder Corner

Aart Tek Creations Private Limited was launched in 2017 by Mr. Sumant Raje.

At first, it started with making metal play equipments and metal art sculptures, being young parent creativity triggered the idea of making wooden toys for kids.

His designed wooden toys kept his kids safe and more engaged compared to the plastic toys which are less durable, toxic and unsafe.

The creativity gave birth to "Aart Tek Creations Private Limited", the stepping stone for the manufacturing of toys and learning tools that support children in their pursuit of independence, confidence and development.

## Brand Story

Aart Tek Creations Private Limited introduces the brand "forTeen".

"forTeen" was launched with intention to make wooden toys at a price affordable to all.

The brand name "forTeen" is derived after Children's Day which is celebrated on 14th November in India.

At "forTeen" we design and manufacture variety of handcrafted, imaginative, eco-friendly and child safe wooden toys, learning tools, kid's furniture and play equipments.

## Handcrafted with love

Our wooden product ranges are for kids across age groups which are hand crafted by our skilled local artisans using eco-friendly materials and non-toxic colours.

From raw wood to the finished product, every single stage of production is carefully observed by a skilled artisan to manufacture a safe and quality product for our little customers.

Our endeavor is to revive the age-old Indian tradition of wooden toys and crafts, while we draw inspiration from past traditions, yet our offerings are innovative and contemporary with a blend of art and craftsmanship.

## Tested and Certified

We know it's a toy for the little hands, so we make sure they are completely safe and durable. All our toys meet the safety standards of IS 9873. All our raw materials and paints are certified as nontoxic and child safe.

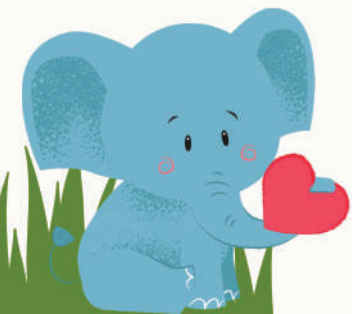

## Our Features

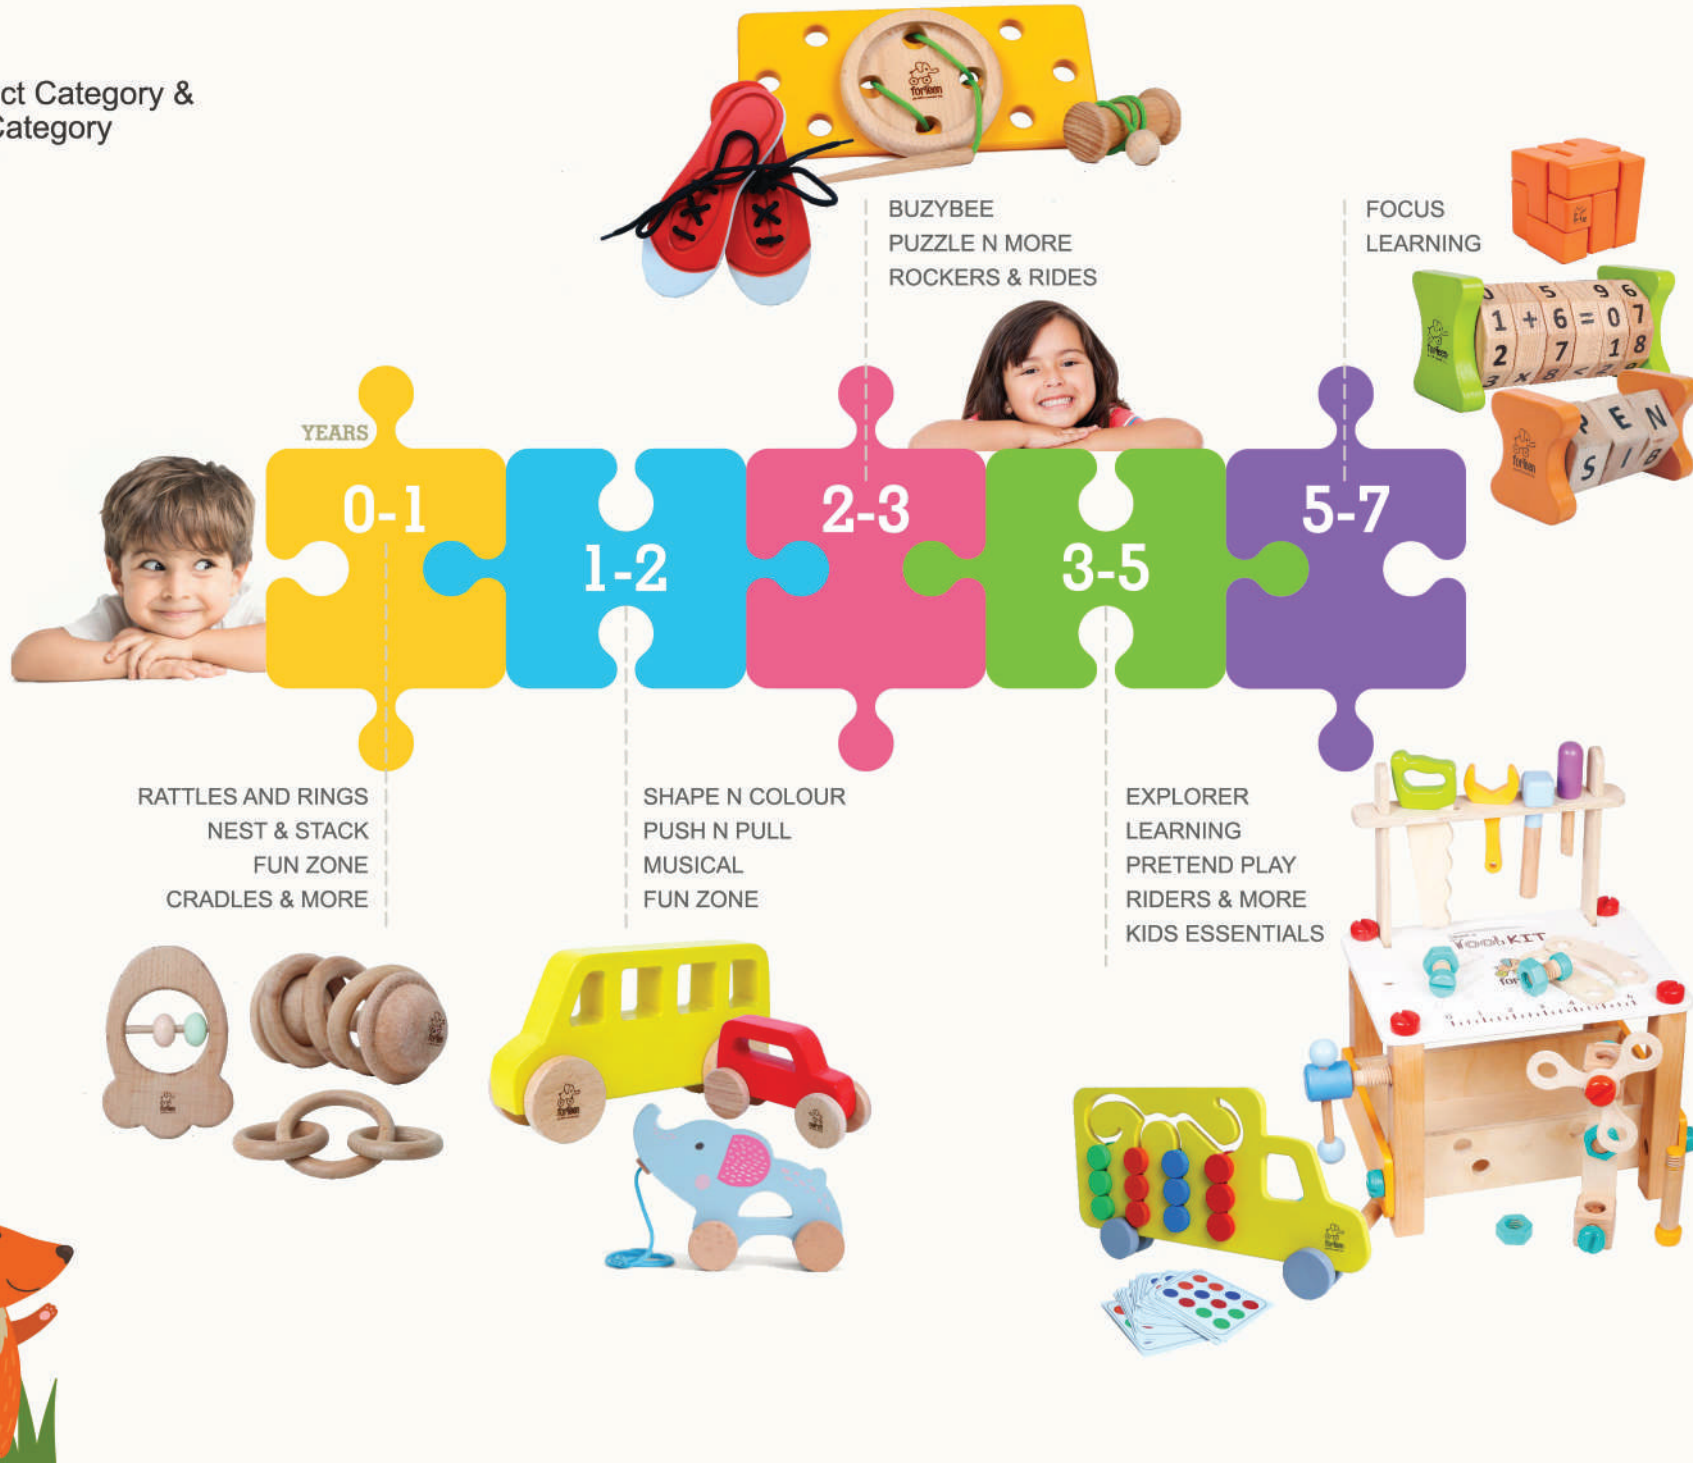

## Our capabilities and services

- In-house design and development team: the team of professionals make us self reliant for any new projects which needs foundation for development.
- Fully equipped wood working machineries: From computer controlled machines to traditional ones, with a backing of hand working artisans, builds the back bone of our creativity and workmanship.
- 24x7 production setup: Infrastructure and qualified team in place to deliver and meet the client requirements on time.
- Across diversified sectors: From the field of wooden toys, wooden artifacts, wooden stationery products, wooden DIY kits and many more.
- ISI certified setup and ISI mark products ensuring quality deliverables every time.
- Expertise in Product customization and product designing as per client requirements.
